

Week 11 Tutorial: Operating Systems II

Preparation

Before this tutorial, you are expected to have read Topic 2 – Chapter 3, pages 309 – 316 of the textbook.

Aim

The aim of this tutorial is to develop your understanding of how operating systems work.

Questions

- Questions 1 – 4 on page 313 of Topic 2 – Chapter 3
- Questions 1 – 3 on page 316 of Topic 2 – Chapter 3

Reflection

- Sometimes users want to do things that are not good for them. How far should an operating system go to try to protect a user from themselves?
